Go Knights!!!

The importance of good study habits.

"It was impressed upon me that there was such a thing as good study habits and that I would have to acquire them if I wanted to be a scholar."

-Robert B. Laughlin

Now that you have made it through the first week of school the assignments and tests will seem to pile up and pop up out of nowhere. In order to make it through the semester it is imperative to develop good study habits. The most important things are:

- | | |
|-------------------|---------------------|
| Attend Class | Take Good Notes |
| Ask Questions | Read the text book |
| Review your notes | Schedule study time |

Developing good study habits will allow you to have more free time, be less stressed out and prepared for the test.

Mark your calendars
